

Potlatch

# Precision Core™ Boat 215

**Face/Back  
Grade**

## **Face/Back Grade**

Douglas Fir tight C grade veneer with restricted knotholes and splits.

## **Coreline**

100% composed core eliminating core laps and core voids associated with manual layup panels. Exterior marine glue with high solid content.

## **Benefits**

Potlatch has been manufacturing plywood for the marine industry for over 15 years. We offer a lifetime warranty against delamination. Our panels offer an ideal surface for fiberglass adhesion. We utilize 100% composed veneer core which provides a solid panel with excellent fastener holding capabilities. Our panels are engineered to lay flat.

## **Constructions**

- 1/4" (3-ply)
- 3/8" (3-ply or 4-ply)
- 1/2" (4-ply or 5-ply)
- 19/32" (5-ply)
- 23/32" (6-ply or 7-ply)
- 1" (7-ply)
